## OBJECTIVES

*Professional IT Recruiter willing to take on a new challenge as Web Developer. I have been coding for a while as hobby and I feel ready to transition the passion into profession. I develop web application using HTML, CSS and JavaScript.*

*Passionate in JavaScript, I mainly use React (with Redux, Router, Express and Webpack) as framework, SASS to style and Bootstrap 4 to make the website responsive. I also have a good knowledge of Node.js, Git, and SQL to manage databases.*

*Two of the websites I developed: [www.enricocerri.com](http://www.enricocerri.com), [www.getonboardeducation.com](http://www.getonboardeducation.com)*

*Simple to-do list with React: <https://pangolino91.github.io/todolist/>*
